Notes:

- a) 5 points are awarded for attendance at a Tuesday night session and submitting a score.
- b) Performance points: For each round shot, archers are credited an allowance to add to their score calculated on current handicap. This allowance is designed to give everyone, of any handicap level, an adjusted score of 1440. If an archer shoots better than their current handicap, their score when added to their allowance will be higher than 1440. 1 performance point is given for every 4 points scored above 1440.
- c) Bonus points will be on offer at various stages in the season (e.g. for a best gold end, 3 gold end, colour prizes)
- d) No attendance points are awarded for weekends sessions, they are simply an extra opportunity to earn extra performance and/or bonus points
- e) If two Archers in the same division are on equal points, the tie-breaker will be the total of all of their adjusted scores (shown in the last column)
- f) Archers can join at any point in the season, those without a handicap will not earn performance points until an indoor handicap is achieved (i.e. 3 indoor scores have been submitted)
