Notes:

- 3 attendance points are awarded for submitting a League Night score

-Performance points: Your scores are adjusted by adding your shot score to your handicap allowance for the round from the AGB tables. You will receive 1 performance point for every point over an adjusted score of 1440.

e.g. someone with a current indoor handicap of 54 will have an allowance of 1220 on a Bray I. That means they are predicted to shoot 220 (220+1220=1440). So if they shoot a 228 they will get 8 performance points. If you want to find out the predicted score for any handicap for a particular round see the AGB handicap tables.

- Bonus points will be on offer at every event

- No attendance points are awarded for weekends sessions, they are simply an opportunity to earn extra performance and/or bonus points

- If two Archers in the same division are on equal points, the tie-breaker will be the total of all of their allowances and shot scores (shown in the last column)

- Archers can join at any point in the season, those without a handicap will not earn performance points until an indoor handicap is achieved (i.e. 3 indoor scores have been submitted)

- The grid on the right shows the sessions for which you have submitted a score. There is no banking or catch-up for missed sessions. You have to be there to score points.
