

Winter League

2nd Oct 2019 to 11th Mar 2020

Indoors: Sports Hall, Brockenhurst College

Shot on Weds nights across our indoor season, two sessions of approximately 10 weeks with a Christmas break in between.

A repeating pattern of one practice night followed by two scoring 'league' nights. (See shooting calendar)

Archers are grouped into divisions by ability (i.e. indoor handicap). Points are awarded on league nights according to how well each archer shoots against their own handicap when compared to others in the same division (12pts for 1st, 11pts for 2nd and so on). Points accumulate across the season to determine the winner of each division.

Format

Bray 1 round

- 20 yards
- 2.5 dozen arrows
- 3 arrows per end
- 10 zone scoring
- 2 ends of sighters
